Please provide a concise statement (not to exceed 300 words) explaining why you believe this person or company should receive the award. Specific details related to the award criteria will help the judges to determine the most deserving nominees. Additional supporting documentation (not to exceed 10 pages) may be attached, if you believe it will aid the selection process.

Completed nomination forms may be faxed (602-495-2998), emailed (awards@azbio.org) or mailed to AZBio, 201 E. Washington Street, 11th Floor, Phoenix, AZ 85004-2385 by August 14, 2009.

2009 AZBio Awards

Bioscience Educator of the Year Award

The educator who, as a member of the faculty or administration of an educational institution, demonstrated the greatest leadership, creativity and/or actions to inspire students and encourage them in the biosciences. (Cited contributions may extend over several years.)

Public Service Award

The person in Arizona who is currently serving or has served in a publicly-elected capacity at a city, county, state or federal level and has demonstrated leadership that has contributed most significantly to the enhancement of the business climate for bioscience companies in the state. (Cited contributions may extend over several years.)

Award for Research Excellence

The life science researcher in Arizona who has made the most significant contribution to the advancement of knowledge and the understanding of biological processes, as measured by publications and/or professional acknowledgement of their work in either an academic or commercial setting. (Cited contributions may extend over several years.)

Jon W. McGarity Leadership Award

The person in Arizona who provided the most outstanding leadership that contributed significantly to development of the State's bioindustry and/or recognition of the advancement of bioscience in Arizona. (Cited contributions may extend over several years.)

Fast Start Award

The most significant for-profit bioscience company headquartered in Arizona and founded on or after July 1, 2006.

Bioscience Company of the Year Award

The for-profit bioscience company whose Arizona-based operations did the most to transform the world during the last 12 months.
