
AZBIO RESOURCE NETWORK MEMBER

**Agilis Consulting Group, LLC**

Agilis Consulting Group, LLC provides human factors engineering, labeling and training services to the medical industry. We ensure your device is:

- Compliant with FDA human factors standards and guidelines
- Easy-to-use and easy to learn how-to-use
- Usable for the intended user group and environment; professional and lay
- Aesthetically appealing for your target market and price point

Our global expertise makes us preferred vendors to the world's most successful medical companies. Our agility and bottom line results make us the perfect choice for start-ups and mid-size firms.
